Jackie,

Email received. My plan is to have this review completed by the end of the week. In response to the question on the Hazard report I was looking for, I attached a copy of the report I received for the Westmorland project for reference.

Thanks,

Josh good afternoon.

Please see attached response to comments and additional updated docs in zip.

Also, our engineers were uncertain what this comment referred to, can you provide some insight as to what reports you are referring to?

Thank you,
Jackie

Josh, just so you are aware the Exit 37 address was listed a few times on the comments, I struck it out and replaced with Exit 33 Verona NY

Thank you,

Jackie

Jakie,

I have attached my review comments for the Exit 33 Cell Tower. Please have the response column filled out on the comment review sheet and have any changes to plans clouded and labeled with the revision number for which the change was made. This will give me guidance on my next review and help streamline the review process.

Thanks,
